## Education *University of Pittsburgh*

PhD Cognitive Psychology (expected graduation: Spring 2019)  
MS Cognitive Psychology (completed Spring 2016)

### *University College London*

MSc Cognitive & Decision Sciences (graduated 2011, with distinction)

### *HELP University, Malaysia*

BS Psychology (graduated 2009, with first-class honors)

## Professional experience *Graduate Student Researcher, University of Pittsburgh (2013–present)*

Researcher on various projects investigating causal cognition in humans. Designed, programmed, and ran numerous web and lab-based behavioral experiments. Extensive statistical simulation, modeling, and data analysis. Published and presented findings in academic contexts.

### *Teaching Fellow, University of Pittsburgh (2015–present)*

Teaching research methodology lecture sections (50-60 students), supervising undergraduate students in research projects. Designed and developed interactive web-based tutorials for teaching research methods concepts.

### *Lecturer, Department of Psychology, HELP University (2012–2013)*

Designed/taught courses in research methods, cognitive psychology, and judgment and decision-making. Supervised research and teaching assistants.

### *Research Assistant, Analysis of the Malaysian Electoral Roll (2012)*

Worked with Dr. Ong Kian Ming (PI), currently a Malaysian Member of Parliament, to develop analytical tools for detecting electoral fraud in the Malaysian Electoral Roll.

## Teaching

*University of Pittsburgh*

Research Methodology (lecture and lab sections)

*HELP University*

Research Methodology, Cognitive Psychology, Thinking and Deciding, Contemporary Issues in Psychological Research (seminar), Applications of Psychology (seminar)

## Selected talks

Cognitive Psychology Brown Bag Series, University of Pittsburgh

September 2017: *Does it fit? Proportionality between causes and effects*

February 2017: *Our patterns of sampling (don't) foreshadow our decisions*

March 2016: *Causal learning with continuous variables over time*

March 2015: *Elemental causal learning from transitions*

April 2014: *Causation from correlation over time*

*How (ir)rational are we?*

Keynote talk. Psychology Colloquium, HELP University (April 2012)

*Reasoning about causal changes*

Causality Workshop, Causal Cognition Group, University College London (August 2011)

**Honors** *University of Pittsburgh*  
 Honorable mention, Tim Post Award for Excellence in Research (2017)  
 Arts and Sciences Fellowship (2013–2014)  
*University College London*  
 Commonwealth Scholarship (2010–2011)  
*HELP University*  
 Datuk Paduka Dr. Hajjah Saleha Award for top-ranked student at faculty level (2009)  
 HELP University Merit Scholarship (2006–2009)

**Service** Reviewer for Journal of Experimental Psychology: General (2017) and PLoS ONE (2017)  
 Program Representative, Department of Psychology, University of Pittsburgh (2014–2015)

**Professional membership** Cognitive Science Society (2014–present)  
 The Psychonomic Society (2015–2016)

**Skills** *Statistical methods and programming languages*  
 Data cleaning, visualization, and analysis: R, Python, SQL, Shiny web-apps, SPSS  
 Advanced statistics: multi-level modeling, Bayesian inference, causal inference  
*Web-based publishing*  
 Front-end design: HTML, CSS, Javascript, Bootstrap, d3  
 Publishing: GitHub, Markdown, Jupyter notebooks  
*Data collection*  
 Expertise: Experimental design, survey design, crowdsourcing, web-scraping  
 Tools: Google App Engine, Amazon Mechanical Turk, Qualtrics
