Education

University of Pittsburgh
PhD Cognitive Psychology (expected graduation: Spring 2019)
Dissertation topic: *The role of variable granularity and type in causal inference*
Committee: B. Rottman, J. Woodward, M. Libertus, C. Schunn, T. Nokes-Malach
MS Cognitive Psychology (completed Spring 2016)
University College London
MSc Cognitive & Decision Sciences (2011, with distinction)
HELP University, Malaysia
BS Psychology (2009, with first-class honors)

Professional experience (academic)

Graduate Student Researcher, University of Pittsburgh (2013–present)
Researcher on projects investigating causal cognition and decision-making in humans. Designed and developed web and lab-based behavioral experiments. Extensive statistical analysis, simulation & modeling.
Teaching Fellow, University of Pittsburgh (2016–present)
Teaching research methods lecture sections (50-60 students), supervising undergraduate students in research projects. Designed and developed interactive web-based tutorials for teaching research methods concepts.
Lecturer, Department of Psychology, HELP University (2012–2013)
Designed and taught courses in research methods, cognitive psychology, and judgment and decision-making. Supervised research and teaching assistants, honors students.

Professional experience (other)

Ad-hoc Data Scientist, Pulang Mengundi (April–May 2018, 🏠 pulangmengundi.com)
Pulang Mengundi (English translation: “return to vote”) was a platform designed by a group of civic-minded Malaysians to facilitate ride-sharing for the 14th Malaysian General Election. Developed visualizations and computational methods for identifying key routes to marginal districts.
Research Assistant, Analysis of the Malaysian Electoral Roll (2012)
Worked with Dr. Ong Kian Ming (PI, current Malaysian Member of Parliament) to develop analytical tools for detecting electoral fraud in the Malaysian Electoral Roll.

Selected honors

University of Pittsburgh
Honorable mention, Tim Post Award for Excellence in Research (2017)
Arts and Sciences Fellowship (2013–2014)
University College London
Commonwealth Scholarship (2010–2011)
HELP University
Top of graduating class in the Faculty of Behavioral Sciences (2009)
Merit Scholarship for academic performance (2006–2009)

Publications

Soo, K. W. & Rottman, B. M. (2018). Causal induction from time series data. *Journal of Experimental Psychology: General*, 147(4), 485-513. <http://dx.doi.org/10.1037/xge0000423>

Soo, K. W. & Rottman, B. M. (2018). Switch rates do not influence weighting of rare events in decisions from experience, but optional stopping does. *Journal of Behavioral Decision Making*.
